

## Video Quotes

Video quotes are a quick, easy and convenient way to assess your removal needs. Simply make a video of your property, with a commentary and send to Albany Removals, via WhatsApp: 07970383207.

Getting an accurate quote isn't just about assessing the cost, it allows us to assess what you need and what services we can offer you. This ensures the planning and execution of the move goes smoothly and efficiently. It is therefore important to include all the details Albany needs. This guide is designed to show what needs to be included in your video. We can then assess what your transport needs will be e.g. size and number of lorries you will require; how many colleagues are needed to complete the move, planning for individual objects or furnishings and access to the premises etc.

Videos need a commentary to explain what is staying and going, what needs dismantling, any specific care needs for special items, overly heavy or awkward items etc.

What to include in your video, with commentary:

Task	Completed
Every room in your house with items to move	
View of whole room with all boxes, furniture etc.	
Identified any overly heavy or awkward to move items	
High value items (e.g. antiques)	
Items that need dismantling	
Outdoor furniture being taken	
Outdoor pots and tubes etc. Being taken	
Shed content	
Garage content	
Access to the property, including road, pathways steps and stairs	
Stairways and access to rooms, garden, sheds and garages	

*Your video will only be accessed by Albany removals for the purpose of quotation and planning your move and will be deleted once the whole process has been completed, or if you decided not to book Albany Removals. Albany Removals do not provide any customer information to third parties.*
